Your Gift in Action

A tax deductible donation to our Strong Kids Campaign will directly improve the life of a child, and therefore it becomes an investment in your whole community.

For many families, a membership in a fitness and recreation centre is a dream. Your gift can help make this dream come true. In 2016, numerous members made use of our Financial Assistance Program. A key component of our YMCA mandate is that nobody be turned away for financial reasons.

Our Assisted Memberships ensure that those who might otherwise not be able to access a fitness and recreation facility due to their financial situation are able to do so.

Our assisted memberships are usually - 50% of regular prices, or more if needed. Your generous donations can cover the cost of an assisted membership to:

A Youth (Under 16) – At only \$129.37 for a year or as little as \$10.78 a month

A Family (2 Parents and any kids at home/in school) - At only \$577.87 or \$48.15 a month

A Student (16+ and in school) - At only \$185.15 for a year or as little as \$15.43 a month

Other types offered are adults and seniors!

Your donation to the Strong Kids Campaign enables us to continue to help these families, and all community members, have access to this family and community centred facility.
